

# PRODUCT CATALOGUE

## INSTANT SNEAKER CLEANER

Size/Volume: 120ml

A quick, easy and environmental-friendly cleaning foam to remove dirt and stains from all sports and casual footwear. Test first in an inconspicuous place of shoes to check material colour fastness.

## SNEAKER BRUSH

Size: 9cm x 3.7cm x 3.3cm

Use Sneaker brush together with Instant Sneaker Cleaner when application. Brush the dirt and stain on footwear repeatedly for the best result. When done, wipe off the remaining foam with a soft cloth.

## SNEAKER FRESH

Size/Volume: 150ml

Fresh and scented fragrance to control odour of shoes and socks. Use regularly to reduce odour causing bacteria and to keep footwear smelling fresh. Always test treat the inside of shoes in an inconspicuous place before using as some materials are not colour fast.

## WATER, STAIN & SNOW REPELLENT

Size/Volume: 200g/325ml

Protects fabric, leather, suede and nubuck from water and oil based stains. Preserves and protects all types of footwear, coats and gloves or any item made of leather and fabric. Repels water and permits leather and fabrics to breathe.

## SNEAKER SHAMPOO

Size/Volume: 100ml

A gentle cleaner to remove surface dirt from footwear and all items made of canvas and synthetic articles. Slowly depress brush applicator to release red valve for application.

## SPORT BLACK/WHITE/DARK BROWN

Size/Volume: 100ml

Heavy pigmented liquid to restore colour of footwear and cover scuff marks. Remove surface dust and dirt of footwear with damp cloth before application. Shake well before use.

## Anti-Fog Cleaner

Size/Volume: 50ml

A gentle cleaner to reduce fogging and improves visibility in changing temperature. Apply with lens cloth provided to prevent damaging lens. Gently shake before using. Suitable to use on all visors and lens.
